The Journal of Human Resources is among the leading journals in empirical microeconomics. Intended for scholars, policy makers, and practitioners, each issue examines research in a variety of fields including labor economics, development economics, health economics, and the economics of education, discrimination, and retirement. Founded in 1965, the JHR features articles that make scientific contributions in research relevant to public policy practitioners.

African Economic History

was founded in 1974 at the University of Wisconsin, and has also been associated with the Harriet Tubman Institute at York University. *AEH* publishes scholarly essays in English and French on economic history of African societies from precolonial times to the present. It features research in a variety of fields and time periods, including studies on labor; slavery; trade and commercial networks; economic transformations; colonialism; migration; development policies; social and economic inequalities and poverty. The audience includes a range of scholars interested in the African present and past.

Ghana Studies, the official journal of the Ghana Studies Association, is an interdisciplinary forum for cutting edge original research on Ghana's culture, society, history, and environment. Articles appearing in *Ghana Studies* are peer reviewed by an editorial team based in North America and Ghana, as well as by outside reviewers from across the globe. Since its first issue in 1998, *Ghana Studies* has published innovative work by leading scholars in Ghana, the US, Canada, and Europe.

Research in Natural Resources and in Urban
and Public Policy Issues

LAND ECONOMICS

Established in 1925 by the renowned economist and founder of the American Economic Association, Richard T. Ely at the University of Wisconsin, *Land Economics* has consistently published innovative, conceptual, and empirical research of direct relevance to economists. Each issue brings the latest results in international applied research on such topics as transportation, energy, urban and rural land use, housing, environmental quality, public utilities, and natural resources.

In addition to regular articles, there are comments on previously published articles, followed by replies from the original author. *Land Economics* also features book reviews of select recent releases and a full listing of books received.
